FREEDOM

Freedom is a 12-week study that renews the mind to the Word of God. The weekly topics build on each other, and provide tools for participants to walk in freedom. Curriculum focuses on identity, not issues. There are too many Christians still living in bondage, because they don't know their identity or the authority they have. This study will help reveal lies participants have believed about themselves, others, and God, allowing them to close the door to their past and live as new, powerful children of God.
